

Premier Announces Stand Ottawa Govt. Flatly Refuses Quit Succession Duty Field

OTTAWA, April 26.—(CP)—The Ottawa Journal said yesterday in a news story that the Dominion government flatly refused suggestions of the provinces that it vacate the succession duty field.

THE PAPER said the Dominion's position was outlined in a lengthy submission made by Prime Minister Mackenzie King to provincial premiers at the Dominion-provincial conference. The Dominion brief was said to have outlined the Dominion's stand on a number of points.

The Dominion had declined to retire from taxation on gasoline, electricity, amusement, telephone, telegraphs, pari mutuels and slot transfers; had expressed readiness to give an undertaking not to tax real property or automobiles but would not go beyond that and had refused to undertake reduction of old age pensions as a matter of right to persons between 60 and 65.

Tel Aviv Riots 7 Britons Killed, Arrest 700 Jews

By ELIAS SIMON
Exclusive to The Edmonton Bulletin
JERUSALEM, April 26.—(BUP)—British troops arrived in Tel Aviv today in a widespread manhunt for terrorists who killed seven British troops in an attack on a military installation.

TROOPS DEPLOYED in a wide area flanking the terrorist headquarters. The British troops were reported to have killed seven British troops in an attack on a military installation.

They employed bloodhounds to track down the terrorist group from the police station to the slum quarter.

The area was placed out of bounds to British troops and the entire retail market near the area of attack was closed.

The Hebrew press denounced the raid as "barbaric."

THE ARRESTED JEWS were taken by armored cars to the Barak military base.

Tension was reported rising in Tel Aviv and troops enforcing the curfew were reported to be "battered" from the outbreak.

The official communique characterized the attack as "a terrorist act" and charged that the troops were "shot dead in cold blood."

THE COMMUNIQUE said the attack was "designed to cause maximum casualties," adding that the killing of bringing medical assistance to the wounded was hampered seriously by the fact that the British troops were "prevented from approaching the police post were met by the attackers."

Thousands of British airborne troops were rushed to Tel Aviv to search for the raiders. Approximately 700 Jews were wounded.

FOOD HOTEL CO.
To Build Here

Embodying all the latest hotel architectural developments, the Food Hotel Co., Inc., will erect a large hotel in Edmonton in the near future, it was learned Friday.

DECISION TO BUILD in Edmonton was made by the company at the company's head office at Buffalo, and an executive officer of the company was in Edmonton recently in connection with the project.

At the year it was announced that a hotel would be built here by the company, and negotiations were underway with the city for a site, but these were terminated when it was learned that the company would not build here.

It was learned, however, that the company has now been agreed to go ahead with his former plan to build in Edmonton, and now the company is working on the details of the hotel here has been given priority on its building plans.

COMMISSIONER JOHN Hodgson stated Friday that two executives of the Food Company visited the city two weeks ago, and made a survey of available hotel sites. He said that the executives of the company were here the plans for building in Edmonton were indicated.

AS FIRE SWEEPS SECTION OF SOUTH SIDE: Shown above is a scene of the fire showing the damage caused by the blaze on the South Side of Whyte avenue. On the left is the Alberta Poultry Producers' building, while to the right are the charred ruins of Johnston's Furniture Exchange, 10145 82 avenue, and Galper's Hardware, 10151 82 avenue. Dave Hutchinson's body was found in the ruins of the furniture exchange Friday morning.

City Council to Consider Architect's Report

Thorough Overhaul of Town Planning Picture Is Recommended as Desirable and Urgent

Appointment of a central authority, to act in conjunction with an advisory planning board, consisting of selected departmental superintendents, to function as a clearing committee on matters of city development, is recommended by Maxwell C. Dewar, city architect, in a report to Mayor Harry Ainlay on the status of town planning in Edmonton.

THE REPORT, which carried 10 recommendations, was submitted in connection with the proposed rezoning of the city suggested by the Town Planning Commission, and will be considered in conjunction with a report from the commission on town planning to be dealt with at a special meeting of city council.

Mr. Dewar recommends also that a revision of the city's zoning be prepared, together with a new zoning map, with particular emphasis on prohibiting the development of residential buildings on industrial sites as possible, and the adoption of the policy that no new large land

IN THE PLAN submitted to Mayor Ainlay, Mr. Dewar suggested that the entire area be suitably landscaped as a park, and that at the extreme east end an apartment block and restaurant be erected and that an underground parking garage and a comfort station be installed under the park area.

A report submitted Friday to Mayor Harry Ainlay concerning the parkland development of the area between the city and Jasper avenue on the south side of Jasper avenue.

THE PLAN submitted to Mayor Ainlay, Mr. Dewar suggested that the entire area be suitably landscaped as a park, and that at the extreme east end an apartment block and restaurant be erected and that an underground parking garage and a comfort station be installed under the park area.

MR. DEWAR stated that an underground parking garage as proposed for the Macdonald hotel apartment building would be provided through the city's sewerage system.

MR. DEWAR stated that an underground parking garage as proposed for the Macdonald hotel apartment building would be provided through the city's sewerage system.

Dave Hutchinson's body was found in the ruins of the furniture exchange Friday morning.

Triangular Area Site For Arena Is Recommended

Recommendation that the triangular area bounded by Kingsway, 111 avenue and 102 street, be reserved as a site for an arena, is contained in a report filed Friday by Mayor Harry Ainlay, city architect, with the city council.

HE HAS SUBMITTED sketches of a proposed layout for the arena at this location, which he points out is a very well situated from a transportation point of view.

Any criticism that the erection of an arena at this location would affect the amenities of the Kingsway area could be overcome by a 200-foot wide parkland strip on the south side of 111 avenue, which would act as a screen and beauty spot.

All centres or parts of the city can reach this site on major arterial roads without travelling through the business area of the city, and an examination of the future trolley bus transportation system also shows the advantage of the site.

PROVISION COULD be made of the proposed arena site for the intersection of the normal transit system, and a large area for automobile parking could be provided by parking areas for the recreational use of the city.

MR. DEWAR says that the desire that the arena should be in the city centre is understandable, and the traffic problems and particularly the trolley bus situation needs serious consideration in relation to the civic centre site for the arena.

Two new graduates awards, both for women university graduates, have been established at the University of Alberta, according to an announcement Friday by G. B. Taylor, secretary of the committee on scholarships and prize awards at the university.

THE UNIVERSITY Women's Club Graduate Bursary of \$25 is offered to a woman graduate of the University of Alberta who has completed a post-graduate study at the University of Alberta or in another university of recognized standing.

THE SOCIAL Service Scholarship of the Quota Club, International Association of Quota Clubs, is awarded to a woman student of the University of Alberta who has completed a post-graduate study at the University of Alberta or in another university of recognized standing.

2 Business Firms Totally Destroyed, Others Damaged

One man is dead, two business premises completely destroyed and several other business establishments extensively damaged in a \$70,000 general alarm fire that swept along Whyte avenue just east of the C.P.R. railway tracks Thursday night. Practically every piece of fire fighting equipment in the city was called to the scene to prevent the fire from getting completely out of control as a high wind, that at times reached near gale proportions, lashed the burning buildings into a blazing inferno.

DEAD
Dave Hutchinson, 59 years old, 10145 82 avenue, was killed when he was struck by a falling beam of the building.

DAMAGED
Alberta Poultry Producers Ltd., 10139 82 avenue; building \$8,000, stock and equipment \$20,000.
Shorty's Grocery, 10156 82 avenue; stock and equipment \$4,000.
Sam Tofer building, 10156 82 avenue; building \$1,000. Shred at rear of Duggan Block, 10165 Whyte avenue, \$100.

E. Zurch Grocery and Confectionery, 10148 82 avenue, \$50.
Body of Mr. Hutchinson, a veteran of the First Great War, was found about 7 a.m. Friday by firemen.

THE FIRE, which started in the rear of the building, spread rapidly through the timbering and the remains of the dead man were found in the warehouse at the rear of Johnston's Furniture Exchange.

Hudson Bay Route Drive Is Planned

SASKATOON, April 25.—(CP)—A "vigorous campaign" to inform Canadians about the Hudson Bay route and to obtain additional membership in Alberta and Manitoba as well as Saskatchewan was urged in a resolution passed yesterday at the annual convention of the Hudson Bay Route Association.

Another resolution requested the drawing up and presentation to the federal government of a detailed plan for western management of the route if reports indicate inaction on the government's part regarding use of the route of Churchill.

The convention also sought use of federal government-owned ships free of insurance, on the route this year in order to transport as many wheat cargoes as possible.

Cypher Code Not Given to Russians

By CHESTER BLOOM
Edmonton Bulletin Bureau
OTTAWA, April 25.—Reason why the External Affairs department objected at the preliminary hearing of Mrs. Emma Wulkin to make public the text of overseas dispatches which she had copied from External Affairs files for the Russian embassy attaché, Major Sokolov, was because publication of the actual texts might have compromised the government cypher secret code, according to sources in touch with the department.

IT IS ASSERTED that while the Russians were aware of the substance of certain dispatches, they did not have the cypher text. The comment is made on whether the government has now changed its secret cypher code.

According to the testimony at Mrs. Wulkin's preliminary hearing the young woman had access to dispatches passing between the External Affairs department and the United Kingdom department of dominion affairs. She pleaded guilty to having given copies of four dispatches—referred to by number only and not by name—to the Russians. For that she was sentenced to two and a half years in Kingston penitentiary.

Life Expulsion To Red Cross Aide

OTTAWA, April 25.—(Reuters)—Charles Alfred Gehring, Swiss employee of the International Red Cross during the Japanese occupation of Hong Kong, has been ordered deported from the British colony for life under an order signed yesterday by Brig. David MacDougal, chief civil affairs officer. Charges against Gehring of collaboration with the enemy were withdrawn by the crown prosecutor last week because of a recent amnesty for certain political prisoners.

Is Given \$200 Fine For Unstamped Meat

SIMCOO, Ont., April 25.—(CP)—Harry Barber yesterday was fined \$200 for having unstamped meat in his possession and Frank Stone was fined \$50 on a charge of selling meat above the ceiling price.

Parliament Recess Plans Are in Doubt

By CHESTER BLOOM
Edmonton Bulletin Bureau
OTTAWA, April 25.—Whether parliament will recess in May to a later date, possibly next fall, or merely during the absence overseas of Prime Minister King at the Paris peace treaty conference remains a mooted question. It is understood that early this session when the subject was under consideration the prime minister consulted with the leaders of the opposition parties and left the impression that the house would remain in session, owing to the heavy agenda of important business.

Newspaper correspondents here, however, remain skeptical. On a previous absence of the prime minister last year, parliament managed to get itself in several muds, an extremely embarrassing to the government.

AS THE ACTING prime minister, last year during Mr. King's absence, Rt. Hon. Mr. Liley, would be expected to lead the house again this year. In that connection, it is recalled that Mr. Liley, during Mr. King's absence, made the statement which caused a tempest in a teapot that cabinet derived from its responsibility but its technical authority from the crown rather than from parliament.

There is still some skepticism among parliamentary correspondents, for example, whether the recent 12½ per cent increase on farm machinery ceilings ordered by the Wartime Prices and Trade Board with the consent of Rt. Hon. J. L. Liley, minister of finance, was not considered by the cabinet before it was suddenly announced.

Baby Boy Born In Winnipeg Cab

WINNIPEG, April 25.—(CP)—It happened to other taxi drivers in other cities but Mickey Gardner never thought it would happen to him. It did. He was driving Mr. and Mrs. A. Baria of suburban St. Vital to hospital Wednesday night when midway in the trip he suddenly had three passengers. Mrs. Baria gave birth to a baby boy. The baby was happy—they already have three daughters. And Mr. Gardner was happy too—he got a 96 tip.

Teachers Favor Calgary Varsity

CALGARY, April 25.—(CP)—The Alberta Teachers' Association, representing more than 5,000 teachers in the province, went on record at its closing session of the annual general meeting here as favoring the establishment of a branch of the University of Alberta in Calgary, an argument it advanced yesterday in the faculty of education to be included.

Oppose DST

WINNIPEG, April 25.—(CP)—Members of the United Packing-house Workers of America (CIO) Local 218, went on record at a meeting last night as opposing daylight saving time in Winnipeg. Members of the local are employees of the Swift Canadian plant at St. Boniface.

Veterans' Welcome May Be Fair Week

The City of Edmonton's official welcome home to veterans of the World War will be held during exhibition week, July 15 to 20, at the recommendations of the city's Veterans Home Committee, and it is the executive of the Edmonton Exhibition Association are accepted by city council and the association's directors.

CONFERENCES have been held between the city's committee and the executive of the Edmonton Exhibition Association, and it is the executive of the Edmonton Exhibition Association are accepted by city council and the association's directors.

It is proposed to make a survey of business hours to determine the actual date most suitable for the official ceremony. The survey is being made to determine the day most suitable for firms in the city to close their veterans on the staff to participate in the ceremony.

SPECIAL ATTRACTIONS will be arranged for Veterans week with at least two grandstand shows for the veterans. The city has added attractions. Details of the entertainment to be provided will be worked out when city council and the Exhibition Association's directors confirm the recommendations being made.

Press Relations Subject of Talk

Relationship between service clubs and the press is the subject of a talk by J. J. O'Neill, president of the Edmonton Bulletin staff, to members of the Lions' Club at their regular meeting on Thursday night at the Macdonald hotel.

THIS MAY BE due to the fact that in a two-page city which as Edmonton, members of the club are being advised on the competitive spirit, should seek to advance the news of the city. Mr. O'Neill said that this attitude was correct, but he suggested that one should not be certain that one member should be charged with the responsibility of telling the news of the city.

The work of service clubs in the community is of great importance. Mr. O'Neill said, and suggested that many people are inclined to feel that so long as such organizations do charitable work, they remove from government any responsibility in this connection.

This is a point that will remain unproven by loyal club members, the speaker said, but there are some agencies who while sympathetic to the immediacy of assistance where misfortune strikes in a community, believe that service work by clubs and voluntary organizations tends to perpetuate rather than diminish the need of charitable enterprises.

Lions honored one of their members, Gordon E. Owen, who has been transferred to the management of the Royal Bank of Canada at Fredericton, N.B. He was president of the Lions in 1942 and 1944. He was presented with a pin bearing the Lions' crest engraved in his centre.

Robbery Suspects Will Stand Trial

The two men apprehended at Vancouver on Wednesday for questioning in connection with the robbery in Edmonton last Tuesday morning when the \$100,000 safe at Thompson and Dundas was broken into, are to stand trial at Edmonton on Friday morning.

WARRANTS are being issued for James Graham and Kenneth Abbott, Chief Jennings said and a police report is expected to leave the city Saturday to bring the men back here.

The two men, who are believed to have caught the main line CNR train here only a few days after the robbery, were taken from the train at the coast by RCMP acting on instructions issued by city police.

"Who'd believe Jim is 50?"

Edmonton Artists Display Pictures

Two scores of early Edmonton, 13 character sketches and 17 other selections from her work were on display Thursday afternoon when Mrs. May Walker, Edmonton artist, and artist, presented a "one-woman" show in the Empire room at the Hudson's Bay company alone.

THE SHOW, sponsored Thursday by the CCF Women's Club, was the first of the artist's work in the city. A banner and text held the artist's work in the CCF Women's Club. A banner and text held the artist's work in the CCF Women's Club.

And color is something of which Mrs. Walker's pictures and sketches. In the vernacular, have plenty.

TO PRESENT one man's opinion, the highlight of the exhibit is the character sketch, "Indian Chief." The artist has chosen her colors well to give a somewhat "Indian" finish to the drawing, which indicates an understanding on the part of the artist of the native Indians' inherent love of ornamentation.

Of particular interest to Edmontonians is the picture of "Scholarship student." The artist has chosen her colors well to give a somewhat "Indian" finish to the drawing, which indicates an understanding on the part of the artist of the native Indians' inherent love of ornamentation.

ONE MURAL is included in the show. This deals with the good spirit of the city. The artist has chosen her colors well to give a somewhat "Indian" finish to the drawing, which indicates an understanding on the part of the artist of the native Indians' inherent love of ornamentation.

One of two black and white studies of a woman's face, which is the subject of the artist's work in the CCF Women's Club. A banner and text held the artist's work in the CCF Women's Club.

ALL IN ALL, the show "Thursday afternoon was well worth seeing and its "repeat performance" Saturday is more than justified.

Tired Old Men

Continued from Page Nine company in an official sense for the first time next season. The senior runners are a thinning in the ranks.

JOHNNY CONICK, raven-haired, speed forward, a Hamilton star, was the first to start the season. The senior runners are a thinning in the ranks.

IT IS PLANNED also to vacillate as many as possible against the season. The senior runners are a thinning in the ranks.

Wednesday, May 8-30,000, Ritchie Garneau; 10:00, University; 10:15, King Edward; 10:00, North; 10:00, Eastwood; 10:15, Forest Heights.

Hold Rehearsals Says Empire-Building Must End To Prevent Third World Conflict

A 1914 sedan, believed to be the oldest automobile in Edmonton, became more than a souvenir Thursday evening when it made 1946 debut at the dress rehearsal of the Edmonton Community Theatre's forthcoming production "I Remember Mama."

THE LOCAL DRAMA originally planned to be presented by the Edmonton Community Theatre's two-story of a Norwegian-American family in San Francisco at the Empire Theatre Saturday at 2:15 p.m. and again at 8:15 p.m.

The ancient sedan makes its appearance in the play where Uncle Chris, played by Dwight Robinson, drives up to the home of the "heroes" of the play, while it doesn't reach anything like the speed of 35 miles per hour on the Empire Theatre stage.

THURSDAY'S dress rehearsal went on schedule. Ketrin, who both in theatrical "offstage" and in her own characterizing portrayal, tells the story of "Mama's little bank," was played by Marguerite Macdonald, whose stage personality is inadequately described by the word "pleasant." She was easily the star of the dress rehearsal. If she turns in the same performance Saturday will win the acclaim of most Edmonton theatre-goers.

PROPERTY MEN, construction gals, make-up artists and other technicians which go behind "I Remember Mama," worked at fever pitch for several hours prior to the dress rehearsal and the rehearsal proceeded almost without flaw.

DOCTOR OF DIVINITY Degree to Alnutt WINNIFRED, April 28—CPJ—The degree of Doctor of Divinity was conferred on Rev. Frank H. Alnutt, field secretary for the British and Foreign Bible Society, at the annual convocation of the United College Faculty of Theology here last night. Twelve graduates—largest class for some years—received diplomas.

APPOINTMENT OFFICERS To Reserve Units Newly-appointed officers for Edmonton's two up-to-date reserve army signals and communications units were disclosed Friday by Lt. C. Gilman, who has had charge of forming the organizations. Commanding officer of No. 22 Section, Armored Brigade Signals, was Maj. J. B. Clark. His second-in-command is Capt. E. C. Talbot, while the section officer is Lt. L. B. McEachern.

MR. MCCOY was born in Port Colborne, Ont. where he received his education. Following his marriage, she and her husband resided for several years at Sioux Falls, S.D., where he was in the service of the United States Army. The couple operated the "Family Truck Shop," which was built by Mr. McCoy, more than ten years.

ALL IN ALL, the show "Thursday afternoon was well worth seeing and its "repeat performance" Saturday is more than justified.

Wine Tapestry Suite

3 Pce. Wine Tapestry Suite Atteady to your living room. Wine tapestry coverings with velvet cushions. Arms have wood facings on top and front.

Special Value, 3 Pieces \$149.00

Dining Room Suite

Attractive 9 Pce. Walnut Set! Smooth as glass finish! It's been a long time since we've been able to offer a complete dining room suite such as this.

Health Minister Going to Ottawa

Hon. Dr. W. W. Cross, minister of health and public welfare, is leaving Friday night for Ottawa where he will take part in the Dominion-wide conferences with his cabinet colleagues who are already there. Dr. Cross' interest lies chiefly in the days necessary to implement the Health Insurance Act at its recent session.

THOSE NOW in Ottawa are Premier James G. Macdonald, Hon. W. A. Fallow, minister of public works; Hon. Lester B. Pearson, attorney general; and Hon. N. E. Tanner, minister of lands and mines.

Hon. H. Earl Asquith, who has been attending the teachers' convention in Calgary, returned to his home in the legislative building on Friday and Hon. A. J. Hooke, provincial secretary, was in the city on Thursday afternoon and Friday morning.

HE STRESSED the fact that the N.M. must not fail, for the sake of the world. It must work. "It will work for it is a grass roots' movement," said Mr. Cavell.

He explained that by "grass roots" he meant that all the people of the world must understand the function of the U.N., "not just the while population, which means up about 38 percent of the world population, but also the 62 percent that is not." Mr. Cavell emphasized.

"THERE IS a fear of communism in the world due to the fact that we do not preach democracy," he stated.

"WE SHOULD advertise our democracy," he said. "We should let the world know that we are not doing it. Mr. Cavell said that the Communists are doing it. Mr. Cavell said that the Communists are doing it. Mr. Cavell said that the Communists are doing it."

WITH REGARD to the troubles in India, he explained that it was unfortunate that since India is a graduates—largest class for some years—received diplomas.

(Continued from Page Nine)

Canadian banks. Gross personal incomes in Canada in 1939 amounted to \$4,316,000,000. At October 1, 1945, Canadians had a total of \$10,000,000,000 in savings accounts in Canadian banks—and this doesn't include their holdings of some billions of dollars in Victory bonds. The amount of currency in circulation had increased more than four times from \$215,000,000 to an even \$1,000,000,000. Gross personal income for 1945 was in the neighborhood of \$8,000,000,000—nearly double the 1939 figure. Farm income had increased from \$722 millions in 1939 to \$1,750 millions.

AND ALL THE TIME the amount of money was increasing the number of goods being offered for sale was decreasing to new lows. Taxes were up. Wages were up. Materials of every kind were in short supply. Then the United States government authorized price increases on steel—this was bound to be—and has been—reflected in those articles made in Canada which required steel for their manufacture.

The money people had, burned holes in their pockets. People were willing to pay almost any price in order to get things they felt they needed. The squeeze was on. Manufacturers felt that they had to have price increases or they would have to sell at a loss. They put the screws on the government—and off went the price ceilings with a pop. Now the question is, where is it all going to end? Already the cost of living index is on the way out. This is being reflected in increased demands for higher wages. Higher wages are bound to be reflected in higher prices—if things are left to themselves.

LEFT TO THEMSELVES, price levels will be determined by the willingness of people to pay the prices asked. When prices reach a point where people won't buy things at the prices offered, then either the manufacturer has to drop his prices or get out of business. However, where people really need the product, they will continue to buy as long as they can get hold of the money, even if they have to go without other things. As in the case of people who pay excessive rents—even to the point where they have to cut down on expenditures for food and clothing, they will be attracted, and will try to get into

Prominent Role

Angela Greene has a prominent role in Warner's "The Time and the Place and the Girl". The blonde ex-model was born in Ireland.

the same business. If they do, then competition between manufacturers will tend to bring prices back down.

SO WE ARE NOW at this point. With the present acrimony of materials, the scarcity of skilled labor, and restrictive government regulations—new competitors are going to find it hard to get started. If they can't get started then we can expect prices and wages to spiral up and we'll have inflation—and a consequent collapse. On the other hand, if the government can make it easy for new businesses to get started and get into production, then competition may work its leveling effect before prices get too high. This is our only hope. Otherwise—all our planning, saving and hoping and praying will have been in vain. All Mr. Gordon's wartime work will have been in vain.

YES—MEN ARE CLEVER—but I wonder if we are as smart as we sometimes think!

Rev. A. P. Singer Is Dead in U.S.

The Rev. Albert P. Singer, 46-year-old son of Mr. and Mrs. Philip Singer of Edmonton, died Wednesday evening at St. Agnes Hospital, Fond du Lac, Wis. He had suffered a lengthy illness.

Mr. Singer received his early education in Edmonton, prior to continuing theological studies at Oakland, Calif., and St. Louis, Mo. Surviving, in addition to his parents, are his wife, Doris; two sons, Norman and Gordon, both of Fond du Lac; four brothers, Edward of Cincinnati, Clarence of Vancouver, John and Walter of Edmonton, four sisters, Mrs. W. K. Rutherford of Rochester, Mrs. E. Mayan of St. Mary's, Sask., Mrs. Alex. Wagner and Helen of Edmonton.

Bank Clearings

Bank clearings through the Edmonton Clearing House for the week ended April 25, amounted to \$67,228.36 as against \$10,387,507.50 for the corresponding period of last year.

Army Vets Meet

The Army and Navy Veterans' association will hold a general meeting in the club rooms on Sunday, April 28, at 2:30 p.m. All members are requested to attend as some important items are on the agenda for discussion.
